Phalon's "VITAMA" differs atterly from all the "dyes," colorers," and "restorers" (?) in use. It acts on a totally different principle. It is limpid, fragrant, and per-fectly innocursus, precipitates no muddy or flactualent mat-ter; requires no shaking up, and communicates no stain to and communicates no tain to the skin or the lines. No paper curtain is necessary to conceal its turbit appearance, for the simple reason that it is not turbin. It is, to all intents and purposes, A NEW DISCOVERY

Pharon's "VITALIA" is warranted to effect a change in the color of the hair within 10 days after the first application, the direction being carefully observed IT IS AS CLEAR AS WATER!

Great Remedies DR. JOHN BULL

CELEBRATED SYRUP CURE OF AGUE AND FEVER

Chills and Fover

The proprietor of this celebrated medicine. In still claims for it a superiority over all remedities ever offered to the public for the say, e-hain, speedy and permanent erre of Ague and Fever, him, speedy and permanent erre of Ague and Fever, or Chillis and Fever, whether of short or long standing. He refers to the entire Western and Southwestern country to bear him testimony to the truth of the assertion, that in no case whatever will it fail to cure, if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long standing cases. Usually, this medicine will not require any aid to keep the havely in three or four doses of the Toute, a single dose of Bull's Vegetable Family Fills will be sufficient.

BULL'S

TolMy Unitedistates and World wide Renders: HAVE received many testimoniais from professional and medical men, as my almanacy and various publications have shown, all of which are genuine. The following, from a highly educated and popular physician in Georgia, is certainly one of the most sensible communications thave ever received. Dr. Clement knows exactly what he speaks of, and his testimony deserves to be written in letters of gold. Hear what the Doctor says of Bull's Worm Destroyer:

Villanow, Warser County, Ga., 1

Villanow, Warker County, Ga., June 29, 1866. Vidanow, Walser Country, 1889.

187. John Bull-Dear Sir: I have recently given your "Worm Destroyer" several trais, and find it wonderfully efficacious. It has not failed in a single instance to have the wished-for effect. I am doing a pretty large country practice, and have daily use for some article of the kind. I am free to confess that I know of no remedy recommended by the ablest authorities that is secertain and speedy in its effects. On the contrary, they are uncertain in the extreme. My object in writing you is to find out upon what terms I can get the medicine directly frem you. If I can get it upon easy terms, I shall use a great deal of it. I am aware that the use of such articles is contray to the teachings and practice of a great majority of the regalar line discarding a remedy which we know to be sufficient, simply because we may be ignorant of its combination. For my part, I shall make it a rule to use all and every means to alleviate suffering humanity which I may be able to command—not hesitating because some one more ingenious than my self have learned its effects first, and secured the soic right to secure that knowledge. However, I am by no means an advocate or supporter of the thousand of worthless nostrims that flood the county, that purport to cure all manner of diseases to which Kesh is heir.

Please reply soon, and inform me of your best terms. I am, sir, very respectfully, JULIUS P. CLEMEST, M. D. BULL'S
